UBB,

*your choice
for the future!*

This brochure lists the specialisations offered by Babeş-Bolyai University at undergraduate level for the 2024 admission.

Further information on the admission is available at infoadmitere.ubbcluj.ro/. Please access from this website both the general information on the admission procedure, and the information pertaining to specialisations. The information can be accessed on the main page from the "FACULTIES" menu. For further details, information on bibliography, specific criteria and tie-breaker criteria please visit the faculties' websites. The number of places – state funded and on tuition – is released by the Ministry of Education and by the University after the publication of this informative brochure.

Any updates to the present material, provided further regulations are issued by the Ministry of Education, respectively following the authorisation of new specialisations, will be promptly disseminated via all available means. The responsibility passes on the Admission Committees at the faculties and the Communication and Public Relations Department.

*The faculty organises admission for this session
only if places are not filled in the July 2024 session.*

Mathematics Field

- 1.1 Specialisation **MATHEMATICS** - 3 years, full time - *in Romanian and Hungarian*
- 1.2 Specialisation **MATHEMATICS COMPUTER SCIENCE** - 3 years, full time - *in Romanian, Hungarian, English*

Computer Science Field

- 1.3 Specialisation **COMPUTER SCIENCE** - 3 years, full time - *in Romanian, Hungarian, German, English*
- 1.4 Specialisation **ARTIFICIAL INTELLIGENCE** - 3 years, full time - *in English*

Computers and IT Field

- 1.5 Specialisation **INFORMATION ENGINEERING** - 4 years, full time education - *in English and Hungarian*

SELECTION CRITERIA FOR ALL SPECIALISATIONS

- The admission score is the written examination (multiple choice) grade in Mathematics or Informatics, according to the candidate's choice upon application, amounting to 100% of the final grade.
- The Faculty of Mathematics and Computer Science reserves specific benefits for the candidates who obtained outstanding results in specialised school competitions and Olympiads or the Mate-Info UBB Competition (2023 and 2024 editions). For more details visit the faculty website.

and posting examination results
- 9-10 Submitting appeals and posting initial results
- 11-12 Confirmation, shifts
and redistribution of available places
- 11-12 Submitting documents in original at the faculty
- 13 Posting final results

Physics Field

- 2.1 Specialisation **PHYSICS** - 3 years, full time - *in Romanian and Hungarian*
- 2.2 Specialisation **MEDICAL PHYSICS** - 3 years, full time - *in Romanian*
- 2.3 Specialisation **PHYSICS WITH COMPUTER SCIENCE** - 3 years, full time - *in Romanian and Hungarian*

Applied Engineering Sciences Field

- 2.4 Specialisation **ENGINEERING PHYSICS** - 4 years, full time - *in Romanian and Hungarian*

SELECTION CRITERIA FOR ALL SPECIALISATIONS

- High school graduates holding a baccalaureate diploma will sit a written examination and the admission score will be calculated according to the following algorithm:

$$\text{ADMISSION SCORE} = 0.5 \times \text{BACCALAUREATE SCORE}^* + 0.5 \times \text{WRITTEN TEST SCORE}$$

- * For the BACCALAUREATE SCORE the candidate can opt for one of the following: BACCALAUREATE AVERAGE SCORE or the BACCALAUREATE EXAM GRADE in PHYSICS, INFORMATICS, MATHEMATICS.

- The Faculty of Physics acknowledges the Augustin Maier Physics Competition, school Olympiads and a series of competitions for the high school students as an alternative admission method (details in the Faculty of Physics Addendum to the Regulation for organizing and conducting undergraduate level admission examination).

Chemistry Field

3.1 Specialisation **CHEMISTRY** - 3 years, full time - *in Romanian and Hungarian*

Chemical Engineering Field

3.2 Specialisation **CHEMISTRY AND ENGINEERING OF ORGANIC SUBSTANCES, PETROCHEMISTRY AND CARBOCHEMISTRY** - 4 years, full time - *in Romanian and Hungarian*

3.3 Specialisation **FOOD CHEMISTRY AND BIOCHEMICAL TECHNOLOGIES** - 4 years, full time - *in Romanian*

3.4 Specialisation **ENGINEERING OF INORGANIC SUBSTANCES AND ENVIRONMENTAL PROTECTION** - 4 years, full time - *in Romanian*

3.5 Specialisation **ENGINEERING AND INFORMATION TECHNOLOGY OF CHEMICAL AND BIOCHEMICAL PROCESSES** - 4 years, full time - *in Romanian*

3.6 Specialisation **BIOCHEMICAL ENGINEERING** - 4 years, full time - *in Romanian*

3.7 Specialisation **SCIENCE AND ENGINEERING OF OXIDIC MATERIALS AND NANOMATERIALS** - 4 years, full time - *in Romanian*

SELECTION CRITERIA FOR ALL SPECIALISATIONS

- Multiple choice test worth 20% of the admission score, upon choice between:
 - Inorganic Chemistry
 - Organic Chemistry
 - Mathematics - Algebra

- Baccalaureate exam score worth 80% of the admission score.

ADMISSION SCORE = 0.2 X ADMISSION TEST GRADE + 0.8 X BACCALAUREATE SCORE

- At the request of the candidate, the grade obtained in the Candin Liteanu competition can replace the admission score.

Biology Field

4.1 Specialisation **BIOLOGY** - 3 years, full time - *in Romanian and Hungarian*

4.2 Specialisation **BIOCHEMISTRY** - 3 years, full time - *in Romanian*

SELECTION CRITERIA

For the Romanian line of study:

- Baccalaureate score worth 70% of the admission score.
- Multiple choice test worth 30% of the admission score.

OR

- The Emil Racoviță Competition result, according to the formula:
Admission score = 9,00 + (the competition score)/100

For the Hungarian line of study:

- Baccalaureate score worth 50% of the admission score.
- Multiple choice test worth 50% of the admission score.

OR

- The Apathy Istvan Competition result, according to the formula:
Admission score = 9,00 + (the competition score)/100

4.3 Specialisation **ENVIRONMENTAL BIOLOGY** - 3 years, full time - *in Romanian*

SELECTION CRITERIA

- Motivation letter graded on a Pass/Fail basis.
- Baccalaureate score worth 100% of the admission score.

Environmental Science Field

4.4 Specialisation **ECOLOGY AND ENVIRONMENTAL PROTECTION** - 3 years, full time - *in Hungarian*

SELECTION CRITERIA

Baccalaureate score worth 50% of the admission score.

- Multiple choice test worth 50% of the admission score.

OR

- The Apathy Istvan Competition result, according to the formula:
Admission score = 9,00 + (the competition score)/100

Applied Engineering Sciences Field

4.5 Specialisation **INDUSTRIAL BIOTECHNOLOGIES** - 4 years, full time - *in Romanian*

SELECTION CRITERIA

- Baccalaureate score worth 70% of the admission score.
 - Multiple choice test worth 30% of the admission score.
- OR
- The Emil Racoviță Competition result, according to the formula:

Pedagogical Module (Level I - first phase)

The first phase of training consists of two primary components:

- psycho-pedagogical, didactic, and practical training provided by DPPD;
- specialised training provided by the faculties.

One must complete the two components of training in order to become a teacher (psycho-pedagogical, didactic, practical and specialised training).

Successful completion of the psycho-pedagogical training programme Level I entitles you to work as a teacher in mandatory pre-university education, based on the specialisation obtained through the bachelor's degree.

Admission to the Level I psycho-pedagogical training programme will be made exclusively online upon confirmation of place at the faculty.

A motivation essay written in the language of instruction of the Pedagogical module (Romanian, Hungarian or German) is required for admission to the psycho-pedagogical training programme Level I.

Candidates enrolled in an undergraduate programme on a state-funded place will benefit of state funding to study the Pedagogical module courses.

Candidates enrolled in an undergraduate programme on a tuition-paying basis will study the Pedagogical module courses on tuition.
