# UBB,

*your choice  
for the future!*

This brochure lists the master's degree programmes available at Babeş-Bolyai University for the 2026 admission.

Further information on the admission is available at <https://infoadmitere.ubbcluj.ro>. Please access from this website both the general information on the admission process and the information pertaining to the degree programmes. The information can be accessed on the main page from the "FACULTIES" menu. For further details, information on bibliography, specific criteria and tie-breaker criteria please visit the faculties' websites. The number of places – state funded and on tuition – is released by the Ministry of Education and Research and by the University after the publication of this informative brochure.

Any alterations to this brochure, provided further regulations are issued by the Ministry of Education and Research, respectively following the authorisation of new specialisations, will be promptly communicated via all available means. The responsibility passes on the Admission Committees at the faculties and the Communication and Public Relations Department.

## SELECTION CRITERIA (FOR ALL DEGREE PROGRAMMES):

### For students who have graduated in a related major:

- Argumentative portfolio graded on a Pass/Fail basis.
- Secondary education overall grade worth 75% of the admission score.
- Undergraduate final exam score worth 25% of the admission score.

### For students who have NOT graduated in a related major:

- Argumentative portfolio graded on a Pass/Fail basis.
- Technical assessment test worth 100% of the admission score.

### NOTE:

\*The portfolio shall include a CV of maximum 2 pages and a professional and scientific career development plan, maximum 2 pages, drawn up in line with the first degree programme on the list of options, in the language of the programme.

\*The specialisation test consists of a three-hour written exam, covering the topics of the undergraduate final examination for the field of mathematics and computer science, respectively. There will be no subject-specific test for specialisations in the field of Education Sciences.

**\*The above-mentioned specialisations are subject to the admission of a minimum number of successful candidates at the end of the first stage of the July admission session. Should the number of successful applicants for a specialisation not warrant the funding of the degree programme, the faculty is entitled to cancel the programme, even if the applicants have already been formally admitted.**

**\*\*The aforementioned majors will only be offered if they are listed in the Government Decision approving university majors/degree programmes for the 2026-2027 academic year.**
